

IMIA Engineering Underwriting Training Course

10 – 14 March 2014 in Berlin

This four-day course (spread over five days) provides training for Engineering Insurance Underwriters in the standard engineering classes in order to improve understanding, knowledge and handling of underwriting and claims.

Course Benefits

With the help of this course delegates will be able to

- understand the different classes of engineering insurance better
- be familiar with the main provisions of typical engineering insurance policy wordings and endorsements
- have an understanding of special covers like third party liability and advanced loss of profits / delay in start-up coverages
- understand the importance and methods used in dealing with estimated maximum loss / probable maximum loss evaluation, risk management and claims handling

Outline Programme

- Introduction to Engineering Insurance
- Operational Covers incl. Machinery & Electronic Equipment Insurance
- Business Interruption
- Project Insurance: EAR, CAR & Special Aspects
- PML, EML Assessment
- Project Risk Assessment & Project Underwriting
- Third Party Liability under Project Insurance Coverage
- Claims, Reserving, IBNR
- Risk Management
- ALoP – Advanced Loss of Profits / DSU – Delay in Start Up
- Risk Exposure to Natural Catastrophes (Nat Cat)
- Trends & Developments in Engineering Insurance

Who should attend?

Intermediate-level underwriters with a basic knowledge of the main engineering insurance lines of business

Eligible are employees of IMIA Members.

Certificate / Accreditation

All delegates will receive a certificate of attendance. The course will close with a final examination. Delegates, who pass the examination, will receive a certificate issued by the German Insurance Academy (DVA).

For members of the Chartered Insurance Institute (CII) this course fulfils the requirements to be included into their CPD records (Continuing Professional Development).

IMIA Engineering Underwriting Training Course

Terms & Conditions

Please note that for attendance of the Training Course the following terms and conditions apply, and performance of the course is based on these terms and conditions once you have registered on basis of the registration form sent to the IMIA Secretary.

Registration

Registration is possible until six weeks before the start of the course. Registrations are accepted in the order of receipt of the registration forms. In case the maximum number of attendances is exceeded, the applicant will be advised and, if requested, his registration form will be kept on record to step in, in case someone else cancels.

Cancellation

Cancellation must be done in writing. Until six weeks before the start of the course no cancellation fees will be charged; if cancelled later or in case of failure to attend the full registration fee will be charged. Naturally a registered person can delegate someone else to attend in his place.

The organisers reserve the right to cancel the training course in case of a too small number of registrations up to three weeks before start of the course, or for any other reason out of control of organisers (e.g. force majeure, sudden illness of speakers). In this case the registration fee will be returned to the applicants. Other claims beyond the registration fees are excluded.

The organisers also reserve the right to make changes to the course, such as content or venue, if required.

Privacy Policy

All data necessary for registering for the training course will be recorded electronically and will only be used in line with §33 BDSG (German data protection law).
